As parent/legal guardian I give permission for the following students to attend this fieldtrip. I understand that my child will be touring the College of the Rockies in Cranbrook and that there are some hazards on site (for example: the shops classrooms). While these activities can include risks, I understand risks to be minimized with instructions given, safety rules reviewed, and COTR staff and teachers/chaperones accompanying groups. **I understand that my child will be participating in rock wall climbing at the ARQ Mountain Centre and that there are some hazards on site. I have reviewed and signed the ARQ online permission waiver for my child to attend and I understand that if this is not signed my child will not be able to participate.**

We are excited to have you come climb with us! We do require a wavier signed before coming. There are two ways we can accomplish this. You can visit us online and fill out the wavier. **Parents please created your own account first**, this is to prove you are not a minor and therefore able to sign for your child. The wavier can be found here.
